## HVAC Technician

**Princess Juliana International Airport (PJIAE N.V.)** is recruiting a **HAVAC Technician**. As the HVAC Technician you are responsible for the quality and progress of the air conditioning, refrigeration, and ventilating maintenance and repair work on multiple systems and executes routine preventative and emergency maintenance tasks.

### ROLE

- Installs, rebuilds, replaces, or repairs fans, motors, thermostats, fuses, filters, bearings, valves, controls, gaskets, and other equipment as necessary.
- Performs periodic preventive checks of air conditioning /refrigeration/ventilating systems to ensure optimal functioning and adherence to safety rules.
- Performs emergency repairs promptly and efficiently; advises on defects or malfunctioning. Remedies failures in air conditioning, refrigeration, or ventilating systems and installations after receiving instructions so that all systems and installations run again in as little downtime as possible.
- Performs modification on current and new systems or installations to avoid overload or outages.
- Provide technical direction and on-the-job training.
- Maintains a log of tasks performed and writes reports as required.
- Complies with service standards, work instructions, and airport safety requirements.

### REQUIREMENTS

- Associate diploma (MTS) or suitable equivalent.
- Minimum two years of work experience as an HVAC technician.
- Understanding of advanced air conditioning, refrigeration, and ventilating systems principles.
- Proficient in balancing air and water treatment systems with HVAC protocols.
- Excellent written, verbal, and interpersonal skills.
- Ability to read blueprints, technical schemes, diagrams, manuals, and instructions to determine technical problems or faults.
- Good analytical and problem-solving skills.
- Ability to work after hours, over weekends, and on public holidays with short or no notice.
- Ability to work in confined spaces.

### WE OFFER

- A job in at one of the most prestigious companies on St. Maarten.
- Shift work. Average 40-hour workweek.
- Opportunity to contribute to safe airport operations and services.
- Attractive compensation and benefits.

### HOW TO APPLY?

Interested persons should provide information demonstrating that they have the required qualifications and relevant experience. Email your resume and motivation letter to [career@sxmairport.com](mailto:career@sxmairport.com). Please include "HVAC" in the subject line. Application deadline **April 15, 2024, or until the vacancy is filled.**
