## Vehicle Mechanic

**Princess Juliana International Airport (PJIAE N.V.)** is recruiting a Vehicle Mechanic. As the Vehicle Mechanic, you will conduct preventative maintenance and repairs on primarily all vehicles, fire equipment and other relevant equipment including servicing and vehicle maintenance of PJIAE vehicle fleets.

### ROLE

- Troubleshoot on all firefighting equipment and systems including electrical, mechanical, hydraulics and pneumatics.
- 
- Plan and perform maintenance and repair on the high and low-pressure compressor and storage systems.
- Maintain breathing apparatus and charging systems.
- Maintain and replenishes inventory of necessary parts.
- Maintain all necessary equipment and vehicle records to ensure engines and equipment are properly tested and meet all required standards.
- Provide recommendations for preventing problems with the functioning equipment.
- Assists with preparation of the annual cost estimate to maintain equipment.
- Assist with the preparation of specifications for new equipment for purchase.
- Assist management with completing budget.
- Secures the signoff and handover of new equipment.
- Responds to untimely breakdowns during off day.

### MINIMUM REQUIREMENTS

- High school / CXC or equivalent.
- Minimum 5 years' experience in the mechanical field.
- Proficient in applicable fire codes and ordinances.
- Good communications skills, both verbally and in writing.
- Great organizational and reporting skills.
- Ability to work independently, efficiently, and effectively.

### HOW TO APPLY?

Interested persons can email their resume and motivation letter to [career@sxmairport.com](mailto:career@sxmairport.com).

Please include "Application Fire Equipment Mechanical Officer" in the subject line.

Application deadline **April 15, 2024, or until vacancy has been filled.**
