Air Traffic Controller Trainees

Princess Juliana International Airport (PJIAE N.V.) is seeking **10 enthusiastic individuals** to join our team as **Air Traffic Controller (ATC) Trainees** within the Air Traffic Services. As an Air Traffic Controller, you will play a crucial role in ensuring the safe and efficient flow of air traffic in and around PJIAE airspace.

RESPONSIBILITIES

- Control air traffic within PJIAE airspace and to and from airports within our jurisdiction.
- Provide approach, aerodrome control, flight information, and alerting services.
- Maintain the safe, orderly, and expeditious flow of air traffic.
- Prevent collisions and obstructions on taxiways and runways.
- Provide vital advice and information for the safe conduct of flights.
- Coordinate with relevant organizations for search and rescue operations.
- Assist management and controllers with administrative tasks.
- Maintain composure and situational awareness during high-stress situations.
- Adapt to changing working environments and remain flexible.

TRAINEE REQUIREMENTS

- Minimum HAVO/VWO, CXC, or equivalent with passing grades in English and Mathematics.
- English Proficiency Level 5 or Level 6 certificate.
- Completion of a Basic Air Traffic Controllers Course recognized by the Sint Maarten Civil Aviation Authority.
- Medical fitness and ability to pass a Class 3 Aviation Medical Examination.
- Successful completion of pre-employment assessments.
- Certificate of good conduct/VDSM (will be requested by PJIAE).

HOW TO APPLY

Interested individuals should submit their **resume** and a **motivation** letter via email to career@sxmairport.com. Please ensure to include "**Application ATC Trainee**" in the subject line. Applications must be received before **June 28, 2025**. Assessments are part of the recruitment process.

Upon successful completion of the required training, trainees will become eligible for the final practical assessment to become a fully licensed Air Traffic Controller.

Join us in playing a vital role in ensuring the safety and efficiency of air traffic at PJIAE.

Apply now and embark on an exciting career journey with us!
